### Albany Poet Accorded New Honor

In poetry circles, Albany's poet Tom Conroy's name has been mentioned as at least a candidate for the vacant state poet laureateship. Though still in his early thirties, Conroy is a prolific writer and steady producer and has many published poems to his credit.

In the recent California Poetry Day contest sponsored by the Ina Coolbrith Poetry Society, his poem The Hungry Heart received a commendable mention. Though disappointed at not winning the award, Conroy did not sit back in despair, but continued writing poetry and in the past month has had sixteen poems accepted for publication. He has also received notice that his free verse poem Children of God will be included in the forthcoming anthology: TREASURES OF PARNASSUS, BEST POEMS OF 1962, which will reach the shelves of libraries throughout the world. From all accounts, Tom Conroy is destined to bring literary honors to the City of Albany.

**Toy Drive At  
UC Village  
Big Success**

By IRENE DAVINROY

In the November issue of The Villager there was an article by Shirley Lyon outlining her ideas on what one could do with the cleaning of one's toy boxes. Her suggestions were to take those unused toys to the village office where they would be picked up, sorted, cleaned and readied for Herick rehabilitation ward, Children's Hospital, Oakland and University of California Hospital, San Francisco. Her friends and neighbors volunteered as helpers and so the project got under way.

Each toy was washed and repaired if needed. Ribbons for the necks, new arms and legs, buttons for the eyes and extra clothes for dolls appeared from the sewing boxes of the helpers. Blocks, trains and games were sorted, and put into sets. As each toy came in it was earmarked for the proper place. Toys that could be used at Herick rehabilitation ward were set aside. Girls, boys and baby toys were all put into special groups. Many hours were used to get the toys ready for delivery.

**Golden Anniversary

More than one hundred relatives and friends were on hand to greet the couple at the party hosted by the couple's four children and their spouses: Dan Colatortis, Jeanette Ryder of Sacramento; Anthony of Stockton; and Ernie of Los Angeles.

Also present were seven grandchildren: Dennis and wife, Diane Colatortis and Philip Colatortis, of Albany; Enrie, Dick and Jim Ryder of Sacramento; Vickie Ann Colatortis of Stockton; and Rose Mary Colatortis of Los Angeles.

Following a buffet supper, the guests danced to the music of Art Bellasano and his orchestra.

## Ellis-Olson Mortuary

Of all the questions people ask me about funeral service, the most frequent ones are about price. I think, therefore, that I should take a moment to discuss the subject.

There is not just one set price for Ellis-Olson service. To the contrary, we offer our complete service in a wide range of prices to suit every family's financial needs.

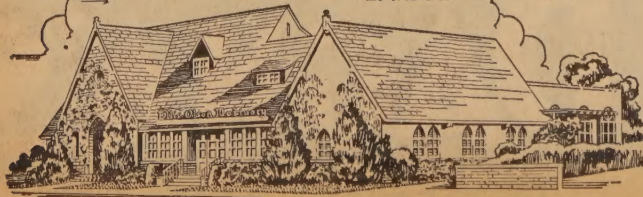

Sincerely yours,

# THANKS FOR WRITING!

Editor, The Times:  
We want you and your readers to know how much we value your cooperation in promoting the K.O. Polio Program. Your help was influential in marshaling the 100,000 volunteers and the two and a half million Bay Area "patients" who took Type I and II vaccine. The size of your effort was matched by your high professional discipline in reporting with such accurate detail the scientific aspects of poliomyelitis immunization.  
In Alameda and Contra Costa Counties, we are especially grateful on November 4 to see that your publicity brought us two "firsts": Alameda County was first in the Bay Area in the number of doses given, 659,884; and Contra Costa County was first in the total percent of population immunized, 78 per cent.  
We regret that our gratitude cannot be expressed personally to each of the volunteers. In this, too, we must ask your help. And for this, too, we thank you.  
Harold Kay, M.D.,  
Chairman Alameda County K.O. Polio Committee

Thank you and best wishes for a happy holiday season.

Editor, The Times:  
The Board of the Berkeley Red Cross Chapter joins me in extending to all the friends of Red Cross its best wishes for the Holiday Season. We wish to take this opportunity to thank all the volunteers who have worked so hard during the past and also, all the contributors who have given so generously to our organization.  
Merry Christmas and Happy New Year.

The steel in a Peugeot is .9mm thick. You could overturn the car and remain unscathed. Not that we recommend it, but Peugeots at the factory are tested this way. Every part in a Peugeot 403 is inspected, nuts and bolts included. Every Peugeot made is road-tested. Why? Pride. After 160 years, this is still a family business. The oldest car still running in America is an 1891 Peugeot. No one knows the lifespan of a Peugeot 403.

## Rerouting, Faster Service for F and 43A

Berkeley-Albany transit riders on transbay and East Bay express lines will get faster and more direct service next month when AC Transit starts operating its buses through the historic Northbrae railroad tunnel.

Rerouting of the transbay F, Shattuck Ave. line and the 33, Berkeley Express line through the tunnel when it is opened to traffic was recommended by the district's project development committee at a meeting late yesterday. The proposal will come before the full board for a stamp of approval at the next meeting, November 28.

By making use of the tunnel, service will be more direct, speedier and safer, the committee found. The rerouting of buses through the bore also follows the recommendation of the Berkeley Planning Commission and the Berkeley City Council that AC Transit use the tunnel roadway. Buses will cut from two to three minutes off existing schedules, making the run on the 33 express in approximately 25 minutes from Solano Avenue and the Alameda to 14th and Broadway in Oakland. Commute hour express service to San Francisco from the end of Line F will be cut to approximately 32 minutes, while midday local operations on the transbay line will be reduced to 36 minutes.

Use of the tunnel also will cut about half a mile from the existing route and will result in safer operations by the elimination of

present turning points in the vicinity of Solano Avenue and The Alameda.

By traveling under Marin Circle, buses will be reviving a transportation tradition of 50 years standing.

The tunnel, finished in December, 1911, was used by the Southern Pacific's "red trains" for 30 years and by the Key System's transbay Berkeley rail line for another 16 years until commute train service was abandoned in 1958.

Decision by the City of Berkeley to pave the tunnel and construct a two-lane roadway and sidewalk opens the tunnel to vehicular traffic and provides a direct route between Sutter Street and Solano Avenue and The Alameda in Berkeley.

To get full use of the roadway, the City of Berkeley also included in its construction plans a loading terminal on the roadway just off The Alameda, where buses will be able to take their terminal layover — eliminating the bothersome necessity of parking on The Alameda at Solano Avenue.

The city also has installed traffic signals at Solano and The Alameda which will prevent northbound trips on Line 43-A from making a coach stop at the intersection. As result, northbound buses will be rerouted via The Alameda, Marin Avenue, Co-

lusa Avenue, and then left on Solano Avenue. Southbound buses maintain their present routing.

Line F and Line 33 passengers wishing to travel down Solano will be able to make transfer connections to Line 43-A one block west at Colusa.

The project development committee also heard a report from General Manager K. F. Hensel on results of a study into furnishing bus service for the proposed Redwood Road and Skyline Blvd. site of Oakland City College.

By running special school service from the end of Line 15 and Line 54, the district estimated it could provide bus transportation at a cost to the school of approximately \$6,300 for the school year of 1964-65 and \$12,600 for enrollment expected in 1968. Estimates were made on the basis of off-route mileage involved, at present costs of 60 cents per mile.

## United Crusade Report Given By G. H. Conner

Our goal for the 1962 campaign for United Crusade funds is short of realization by a five per cent margin, it was announced today by George H. Conner, North Area (Berkeley, Albany, Kensington) chairman.

"Many volunteers are still active in their districts searching for contributions which have been overlooked and for additional amounts above those given by our generous friends in this area of the county," stated the campaign leader.

"In a growing area such as that in which we live, expanded services must be planned and provided to meet current or emergency conditions.

"It is necessary for us to act promptly to help overcome the specter of program curtailments.

"The great University of California community has a number of student agencies which require our thoughtful consideration.

"Pledges are still being accepted and salary deductions toward contributions may be arranged with many business and industrial firms and government organizations.

"We seek the generous support of our neighbors during this Christmas season to provide for the successful operation of our many participating agencies.

"Interested persons should contact the United Crusade headquarters at 2202 Milvia Street by telephoning TH 8-5400," concluded Conner.

## OAKLAND'S PHONE DIRECTORY AREA IS GRADUALLY CHANGING TO ALL-NUMERAL NUMBERS

Dialing itself doesn't change. It's really simple—you just dial numbers instead of letters. The numbers correspond to the same dial openings as the letters they replace.

**Growth is the reason for the change.** As more and more families get telephones, usable letter combinations for prefix names are used up. Going to an all-numeral system will help make enough phone numbers available to keep up with this growth.

**The switch is gradual.** Anyone getting service for the first time, moving to a new address or getting a new phone number in the area served by the Oakland telephone directory, is now being given an all-numeral number. All other numbers will be converted during the next few months. During this conversion, Information Operators will give out some numbers with numerals and others with letters.

All numbers will soon be all-numeral. By the middle of May, everyone in the Oakland directory area will have received a new number card for the telephone dial. This card will show the all-numeral phone number. (The Area Code shown is only for people calling you from outside your area.)

If you have any questions about All-Number Calling, please call your business office.

The theme for this year's conference was "Conservation Through Research and Development".
